## Request for Agency Comments

A change is proposed, and we're asking for your input. The Purpose and Effect of the proposed County Official Plan Amendment is to update policies related to Agriculture to better align with Provincial policies and guidelines and reduce the need for amendments to the County Official Plan for routine planning applications. The amendment would apply to all lands within the County of Bruce.

The proposed changes would:

- i) Eliminate restriction of two parcels from original crown lot for surplus farm residence severances and minor lot boundary adjustments that do not result in the creation of a new parcel or increase development potential.
- ii) Recognize the existing lot area of retained parcels following a surplus farm residence severance.
- iii) Incorporate additional wording to better guide applicants who wish to create a new farm lot that is less than the 40-hectare (99 acre) minimum by requiring a business plan and evaluation of alternative available lands in the area.
- iv) Expand the permissions for uses permitted on farms to add more flexibility and to better reflect the range of uses permitted by the Permitted Uses in Ontario's Prime Agricultural Areas Guideline.
- v) Minor amendments for clarity.

The attached table summarizes the proposed changes and is provided to help you with your review.

Your comments and/or conditions of approval will be used to prepare a Planning Report. Please provide your feedback by emailing [bcplwa@brucecounty.on.ca](mailto:bcplwa@brucecounty.on.ca) by **January 21, 2022**. If you require more time to provide comments, please let us know.

6.5.3.3.1	<b>With the exception of the severance of a lot for a residence surplus to a farming operation as a result of a farm consolidation, or a minor lot line adjustment, such as applications for access and servicing purposes that do not result in a new conveyable parcel or increase development potential, in no instance shall an original Crown surveyed lot be divided into more than two (2) parcels including the retained portion. For the purposes of this section, any original Crown surveyed lot severed for the purposes of a school or church prior to 1995, road widening or similar public purpose, or minor lot line adjustments shall be deemed to be an original Crown surveyed lot.</b>	In no instance shall an original Crown surveyed lot be divided into more than two (2) parcels including the retained portion. For the purposes of this section, any original Crown surveyed lot severed for the purposes of a school or church prior to 1995, road widening or similar public purpose, or minor lot line adjustments shall be deemed to be an original Crown surveyed lot. 6.5.3.3.3	Where the lot will be for an existing residence and buildings surplus to a farming operation as a result of farm consolidation provided: i) The owner of the lands to be severed is a 'bona fide farmer'. In situations where the agricultural portion of the subject lands is rented in whole or in part to others, the owner of the subject lands shall not qualify as a 'bona fide farmer'. A 'bona fide farmer' shall be defined as to include a limited company, sole proprietorship, incorporated company, numbered company, partnership, non-profit and other similar ownership forms. ii) The lot proposed for the residence and buildings surplus to the farming operation shall be limited in area and shall only be of sufficient size to accommodate the residence surplus to the farming operation, accessory buildings (where including accessory buildings does not render the lot excessively large in the opinion of the Land Division Committee), a well and a sewage disposal system, while ensuring that as little land as possible is removed from the agricultural lands. iii) The remnant agricultural lands shall be rezoned to prohibit the future erection of a residential dwelling of any type on the agricultural lands provided that a residential dwelling does not exist at the time of severance. iv) <del>This Official Plan requires the severance of a dwelling/residence surplus to a farming operation to comply with MDS I. All livestock facilities within the vicinity of the proposed severance, including any livestock facility situated on the farm parcel from which the surplus farm residence is being severed, shall be used in determining MDS I compliance.</del>	Where the lot will be for an existing residence and buildings surplus to a farming operation as a result of farm consolidation provided: i) The owner of the lands to be severed is a 'bona fide farmer'.
