Municipality of Kincardine
1475 Concession 5
Kincardine, Ontario
N2Z 2X6

Dear Mayor and Council,

I am writing to offer our sincere appreciation to staff and council for the significant progress to date and to reaffirm Bruce Power's strong commitment to the process of establishing a mutually beneficial Water Services Agreement with the Municipality of Kincardine.

We acknowledge the considerable efforts of staff and council to evaluate this proposal and to work with us in a spirit of collaboration. I want to reiterate, on behalf of Bruce Power, that we understand and respect the process that must be adhered to in order to reach a fully informed decision on this important matter.

Bruce Power values the strong relationship we have with the Municipality of Kincardine as our host community and respect the Municipality's progressive efforts to maintain and build out infrastructure and manage its operations in a fiscally responsible manner.

Our company is fully aligned with municipal staff and council in that this expansion will have no financial impact on ratepayers and existing users of the system from both a capital and operating standpoint to service the site. The full-cost recovery model will continue to be applied in this undertaking, including the future costs of replacement of any new infrastructure acquired for this purpose.

In closing, we appreciate the opportunity to re-emphasize our respect for the process the Municipality needs to follow and while we continue to establish internal plans, track progress and communicate with our employees we do not prejudge the outcome and understand the municipality's responsibilities to do what's best for the community and its residents.

We look forward to continuing to work together on this important initiative and I remain available to discuss any questions or concerns you may have.

Sincerely,

Jennifer Edey
Senior Vice-President, Operational Services & Business Development
Bruce Power
