

# Information Report

**Title:** Environmental Services  
Compliance Report September and  
October 2023

**Report Number:** Environmental Services-2023-  
40

**Director:** Infrastructure &  
Development

**Manager:** Environmental Services

**Meeting Date:**  
Wednesday, November 8, 2023

---

## Executive Summary:

The intent of this report is to inform Council of any compliance related issues and general information from the Environmental Services Department for the months of September and October 2023.

## Context and Background Information:

This report includes a summary of ministry inspections and sampling completed in addition to the weekly required bacteriological testing.

### Sampling

Quarterly sampling for all municipal water systems including annual sampling for the Kincardine DWS was completed on October 10, 2023, as per the sampling schedule. All results received have been within the acceptable limits.

Semi annual sampling for the Kincardine Wastewater Effluent was completed on October 17, 2023. The results have not yet been received but are not expected to differ from the October 2022 results.

### Ministry Inspections

An on-site ministry inspection for the Kincardine Drinking water system and the Huronville Distribution System took place on September 20, 2023. Requested documentation was submitted to the ministry for review. A final report for the inspection has not been received.

**Consultation Overview:**

None

**Origin:**

The Drinking Water Quality Management Stand requires relevant aspects of the Quality Management System to be communicated to the Owner of the system.
