

Information Report

Title: Economic Pillars for Kincardine and Municipal Surplus Lands Discussion

Report Number: CAO General-2023-27

Director: Chief Administrative Officer

Manager: Manager.

Meeting Date:

Monday, November 27, 2023

Executive Summary:

Council directed that a special meeting be held to consider the opportunity to make decisions about potential lands owned by the municipality which could be declared surplus in order to help support affordable housing in the community. Council will also hear from speakers from each of the three key industries in our community, including tourism, agriculture, and the nuclear energy production sector.

Context and Background Information:

Two previous reports have been presented to Council related to lands identified by staff that could potentially be considered for future development.

Council has requested a special meeting to allow the opportunity to make decisions about potential properties that could be declared surplus.
