

Thanks

To: Council and staff involved -

One small word

that says so much.

The Bruce Township signs have been erected in their designated place!!

They look great! Nice job!

Many thanks to Council and staff involved in seeing this project completed.

The Township of Bruce Historical Society couldn't be more pleased.

It only goes to show that when we work together, things get done.

On behalf of the Township of Bruce Historical Society, "Thanks"
