

Worksheet 6: Public Safety Response Profile

Consider other public safety response agencies (i.e. police, EMS, rescue) that might be tasked with or able to assist in the response to emergencies or in mitigating the impact of emergencies. Also consider the types of incidents each is able to respond to and any issues or concerns that may impact fire department response.

Public Safety Response Profile Risks List the other public safety response agencies in your community and the incidents they respond to.			
Identified Public Safety Response Agency	Types of Incidents They Respond To	What is Their Role at the Incident	Issues/Concerns
Ontario Provincial Police	<ul style="list-style-type: none"> • MVC's • Fire Scenes 	Scene control, traffic control	None
EMS	Medical Calls	Take control upon arrival	What level of service will the fire department provide before and after EMS' arrival?
Industrial fire brigade Bruce Power EPS	Internal incidents on private property	Suppression	Fire department may not need to provide full response/may provide more of a support response.

Note: The information on this worksheet should be considered in conjunction with the information on all other worksheets, and not in isolation. Worksheet 10 allows fire departments to consider all of the information on all worksheets together in order to make decisions about the provision of fire protection services in their municipality/community.
