AMO Policy Update - Call to Action: Social and Economic Prosperity Review

Social and Economic Prosperity Review

We are calling on our members in advance of the AMO conference to help us communicate the need for action on municipal fiscal sustainability to address the things Ontarians care most about – like housing affordability, healthcare, cost of living and public safety. We would encourage you to echo these key messages during important conversations leading up to and at the conference, and with cabinet ministers during delegations.

We have also developed a template letter that you can send to provincial ministers in advance of the conference and sample news release. We are encouraging all members to send this letter in advance of the conference to ensure the provincial government knows this is still a key priority of the municipal sector.
