## Disability Inclusion Workshop and Panel Discussion

Accessibility and inclusion are more than meeting your obligations under Ontario's AODA Standards. Municipal Accessibility Advisory Committees provide important insight and direction for municipalities in building accessible and inclusive communities.

AMO has partnered with the Abilities Centre to enhance elected officials' understanding and approach to inclusion. The Disability Inclusion Workshop and Panel Discussion will highlight best practices and provides a platform for local leaders to reflect on your own and your organizations knowledge and approach to inclusion.

You will leave this workshop with a greater depth of knowledge and understanding that is essential to providing access and the ability to enjoy your community for all.
