

Municipality of Kincardine- Petition Form

How to Submit a Petition:

Paper-based petitions containing original signatures should be sent by mail or delivered to:

The Municipality of Kincardine
Attention: Clerk's Department
1475 Concession 5,
R.R.#5, Kincardine, ON N2Z 2X6

Electronic petitions should be emailed to clerk@kincardine.ca.

Petition Information:

Date: 2025.05.05

Petition Subject Matter:

(Briefly state the subject matter of your petition and the request for action within the authority of the Municipal Council. If your petition is related to an upcoming agenda item, please indicate meeting date and the report title.)

Proposed Development 705 Princes Street, Kincardine
We request that a community vote be held and to have inclusion on the location for the proposed affordable housing development.

We are not in support of Council's approach to the planning and development of the 705 Princes Street proposed affordable housing development (MOK Council Meeting 2024.11.13. Resolution# 11/13/24)

Total Number of Signatures: 163

Petition Organizer Information:

First and Last Name: Erin Netzke

Mailing Address: ██████ Olde Victoria Street, Kincardine, ON N2Z 2A9

Email: ██

Telephone Number: ██

Petition Statement:

We the undersigned, petition Municipality of Kincardine Council as follows:

We request that a community vote be held and to have inclusion on the location for the proposed affordable housing development.

We are not in support of Council's approach to the planning and development of the 705 Princes Street proposed affordable housing development (MOK Council Meeting 2024.11.13. Resolution# 11/13/24) for the reasons outlined below:

- 1) The proposal is not supported by the current Official Plan of the Municipality of Kincardine as this location is presently designated as Institutional. *Reference: Official Plan of the Municipality of Kincardine Sections C Environment, Detailed Land Use Policies, G Land Division Policies.*
- 2) The three-storey apartment proposal is not in keeping with the historic character and the community values of our town. *Reference: Official Plan of the Municipality of Kincardine Sections C Environment, D Detailed Land Use Policies.*
- 3) There was no public involvement or engagement prior to council making their decision to approve this 705 Princes Street location. *Reference: Official Plan of the Municipality of Kincardine: Section H12 Public Consultation.*

We believe that with thoughtful planning and inclusive dialogue, Kincardine can create a project that both meets the needs of affordable housing and respects the historic character and community values of our town. We request a delegation to Council to further express our concerns regarding this proposal. Additionally:

- 1) **Community Engagement and Transparency:** We request that Kincardine residents, particularly those living in or near any selected impacted neighbourhood, be granted a voice in the planning process. By creating opportunities for direct feedback and involving constituents in decisions, we can ensure that all voices are heard and any concerns about traffic, infrastructure, neighbourhood impact, and aesthetics are thoughtfully addressed while being balanced with meeting the needs and intent of this development project.
- 2) **Evaluation of Alternate Locations:** In the spirit of transparent and inclusive decision-making, we ask that the council pauses its unilateral action to advance one single location without any public or resident input, and re-table alternate locations for the project that may better balance access, community integration, and respect for Kincardine's historic areas. Most importantly, allow residents and the community abroad to have a voice so that we can all consider and assess the advantages and limitations of multiple potential sites. Working together and approaching this important issue in this manner, we can collaboratively ensure that the final selected location is a well-considered choice that serves our community for years to come.

Petition Statement:

We the undersigned, petition Municipality of Kincardine Council as follows:

We request that a community vote be held and to have inclusion on the location for the proposed affordable housing development.

We are not in support of Council's approach to the planning and development of the 705 Princes Street proposed affordable housing development (MOK Council Meeting 2024.11.13. Resolution# 11/13/24) for the reasons outlined below:

- 1) The proposal is not supported by the current Official Plan of the Municipality of Kincardine as this location is presently designated as Institutional. *Reference: Official Plan of the Municipality of Kincardine Sections C Environment, Detailed Land Use Policies, G Land Division Policies.*
- 2) The three-storey apartment proposal is not in keeping with the historic character and the community values of our town. *Reference: Official Plan of the Municipality of Kincardine Sections C Environment, D Detailed Land Use Policies.*
- 3) There was no public involvement or engagement prior to council making their decision to approve this 705 Princes Street location. *Reference: Official Plan of the Municipality of Kincardine: Section H12 Public Consultation.*

We believe that with thoughtful planning and inclusive dialogue, Kincardine can create a project that both meets the needs of affordable housing and respects the historic character and community values of our town. We request a delegation to Council to further express our concerns regarding this proposal. Additionally:

- 1) **Community Engagement and Transparency:** We request that Kincardine residents, particularly those living in or near any selected impacted neighbourhood, be granted a voice in the planning process. By creating opportunities for direct feedback and involving constituents in decisions, we can ensure that all voices are heard and any concerns about traffic, infrastructure, neighbourhood impact, and aesthetics are thoughtfully addressed while being balanced with meeting the needs and intent of this development project.
- 2) **Evaluation of Alternate Locations:** In the spirit of transparent and inclusive decision-making, we ask that the council pauses its unilateral action to advance one single location without any public or resident input, and re-table alternate locations for the project that may better balance access, community integration, and respect for Kincardine's historic areas. Most importantly, allow residents and the community abroad to have a voice so that we can all consider and assess the advantages and limitations of multiple potential sites. Working together and approaching this important issue in this manner, we can collaboratively ensure that the final selected location is a well-considered choice that serves our community for years to come.
