Homage: Inspired by Outstanding Canadian Women

May 31 | 2 PM - 4 PM

Homage is a nationally touring collection of framed neckpieces created as a celebration and tribute to Canadian women throughout the ages and across the country in a wide range of professions and contributions to our society - mothers and artists; businesswomen and philanthropists; actors and athletes, inventors and scientists.

Created by renowned metal artist Don Stuart, C.M., O.Ont, RCA, the necklaces are accompanied by sketches and short biographies. This exhibition, after showings from Yukon to Nova Scotia, offers visitors an opportunity to explore these personal histories from fresh perspectives. We welcome Homage to Bruce County.
