

Notice of Public Hearing and Participant Funding

February 6, 2020

Ref. 2020-H-04

The Canadian Nuclear Safety Commission (CNSC) will hold a public hearing on June 17 and 18, 2020 to consider an application from Canadian Nuclear Laboratories Limited (CNL) to amend its waste facility decommissioning licence for the Douglas Point Waste Facility (DPWF). The DPWF is the site of the former 200 MW Douglas Point power reactor and is located on the Bruce Power site in Tiverton, Ontario.

The Douglas Point reactor permanently shut down in 1984 and has been in Phase 2 of decommissioning – storage with surveillance – since 1988. CNL is now requesting a licence amendment to authorize Phase 3 of the DPWF decommissioning project, which would include the active decommissioning and demolition of remaining facilities.

Date: June 17–18, 2020
Place: To be determined (will be held in the community)
Time: As set by the agenda published prior to the hearing date

The public hearing will be webcast live on the CNSC website at nuclearsafety.gc.ca.

In advance of the public hearing, the CNSC is making up to **\$75,000** available through its Participant Funding Program. The purpose of the funding is to assist Indigenous peoples, members of the public, and stakeholders in reviewing CNL's application and associated documents, and in participating in the Commission hearing process by providing topic-specific interventions to the Commission. Please note that the \$75,000 will be disbursed among all successful applicants. The deadline to submit a completed participant funding application form to the CNSC is **March 6, 2020**.

Pursuant to rule 19 of the *Canadian Nuclear Safety Commission Rules of Procedure*, persons who have an interest or expertise in this matter or information that may be useful to the Commission in coming to a decision are invited to comment on CNL's application. Requests to intervene must be filed with the Commission Secretariat by **May 4, 2020** using the [online request form](#) or the contact information below. **The request to intervene must include the following information:**

- a written submission of the comments to be presented to the Commission
- a statement setting out whether the requester wishes to intervene by way of written submission only, or by way of written submission and oral presentation
- the requester's name, address, telephone number and email address

All submissions will be available for download on the CNSC website or on request to the Secretariat. Personal information, such as email address and telephone number, is essential for linking the submission to its author. If you wish to ensure the confidentiality of your personal information, please submit it on a separate page.

CNL's submission and CNSC staff's recommendations to be considered at the hearing will be available on the CNSC website, or on request to the Secretariat, after **April 2, 2020**.
