May is Museum Month

This year May is Museum Month takes on new meaning as we continue to work our way through an international pandemic that has left Museums around the world closed.

Despite the challenges, however, we still want to connect with you - our visitors, members, donors and volunteers - to let you know what we are planning and how you can be a part of it. To learn more about May is Museum Month visit brucemuseum.ca.

Chronicling Community Experiences: COVID-19

In the spirit of documenting this historically significant moment in time, the Museum is asking communities to help capture the experiences of individuals, families, businesses and organizations as we respond to this evolving situation and cope with the pandemic’s impact in Bruce County.

As history unfolds around us, we’re asking Bruce County residents and those with Bruce County connections to think about how their lives have changed with the disruptions to daily routines, changes in income, and how the closure of businesses, schools, churches, and other institutions have affected their normal lives.

We’re asking the public to consider collecting and recording their experiences and observations and to then donate them to the Museum in whatever form they’re comfortable with, including: written stories, memories, journals or notes, photographs, or audio and/or video recordings.
You can submit your work at brucemuseum.ca/shareyourstory
