

Join us for a public information webinar about the Douglas Point Waste Facility licence amendment

CNSC.Info.CCSN@canada.ca <CNSC.Info.CCSN@canada.ca>

Wed 16/09/2020 12:21

To: CNSC.Info.CCSN@canada.ca <CNSC.Info.CCSN@canada.ca>

You're invited to attend a public information webinar on the proposed amendment to the Douglas Point Waste Facility (DPWF) licence. In July 2019, Canadian Nuclear Laboratories (CNL) submitted an application to amend its current licence to proceed with active decommissioning. The DPWF site is located on the Bruce Power nuclear site, in Tiverton, Ontario, on the east shore of Lake Huron.

For login information and details, visit our website:

<http://www.nuclearsafety.gc.ca/eng/stay-connected/get-involved/douglas-point-webinar2020.cfm>

English session #1: September 23, 2020

Time: 11 a.m. to noon (EST)

French session #1: September 23, 2020

Time: 1 p.m. to 2 p.m. (EST)

English session #2: October 14, 2020

Time: 1 p.m. to 2 p.m. (EST)

French session #2: October 14, 2020

Time: 11 a.m. to noon (EST)

The webinar will discuss:

- how the CNSC regulates nuclear facilities
- CNL's request to amend the decommissioning licence for DPWF
- the structure of CNL's proposed decommissioning plan
- the CNSC's licence amendment process
- details on the upcoming hearing and how the public can participate

We welcome questions prior to the webinars. To submit a question, email cnscc.webinar-webinaire.ccsn@canada.ca, indicating "Questions for Douglas Point Waste Facility licence amendment webinar" in the subject line.

Please note:

The Commission member document (CMD) prepared by CNSC staff for the DPWF licence amendment hearing is available for the public to review on the CNSC website:

http://www.nuclearsafety.gc.ca/eng/the-commission/hearings/documents_browse/results.cfm?dt=25-Nov-2020&yr=2020

The intervention deadline for this CMD is October 26, 2020, and the public hearing will take place on November 25 and 26, 2020. Details can be found at:

<http://www.nuclearsafety.gc.ca/eng/the-commission/intervention/index.cfm>
